## DOES THIS JAR YOU?

Stone was one of the best in the "C. S." around the "Keystone" sack in his day. After the Federal league collapse, McGraw signed him. Stone was a "star" on any "Oldfield," a good field "General" and the "Perfection" of a ball player. Last season he did not have a "Goodyear" on the "Diamond" so the manager was going to "fire" him. But Stone put on his "Kelly," opened the "States" and walked out. Thus another satellite "falls" from the heights of the great "American" pastime. AKRON.

Since I saw a wagon passing with the sign "Cool Ice," I would like to know what other kinds there are. OAKIM.

## "MADE IN AMERICA"

She was a sweet little American. She came out of a restaurant on F street laughing and talking with her escort, and he seemed to be enjoying himself. In passing I noticed he was small and brown and his eyes glinted like a cat's. He looked out of place beside that sweet little maid. I felt sorry for her. If she could only take a look at herself as the "Eyes of the World" sees her! Why couldn't she choose the "Made in America" brand first? HAWK-EYE.

## A TRIP TO MORROW.

I started on a journey just about a week ago for the little town of Morrow, in the State of Ohio. I never was a traveler and really didn't know that Morrow had been ridiculed a century or so. That Morrow had been ridiculed a century or so. I went down to the depot for my ticket and applied for the traveling Morrow. Interviewed the station guide. Said I, "My friend, I want to go to Morrow. Not later than tomorrow, for I haven't time to burn. Said he to me, "Now let me see, if I have heard you right. You want to go to Morrow and come back tomorrow night. You should have gone to Morrow yesterday and back today. For if you started yesterday to Morrow, don't you see. You should have got to Morrow and return today at three. The train that started yesterday, now underrated me right. Today it goes to Morrow and returns to Morrow night. Said I, "My friend, it seems to me you're talking through your hat. Is there a town named Morrow on your line, now tell me that." "There is," said he, "and take from me a quiet little trip. To go from here to Morrow is a fourteen-hour trip. The train that goes to Morrow leaves today, eight-thirty-five. Half after ten tomorrow is the time it should arrive. Now, if you have to Morrow is a fourteen-hour ride. Can you go today to Morrow and come back today?" He cried. BROWN EYES.

## A THEATRICAL STORY.

Started out to the movies, but didn't know whether to go to "Maryland" or "Virginia" but finally decided to go to the "Palace," which had a "Gem" of a reel, "Raphael" called for "Garlick" on the way down, but he had to make a "Poli" to the "Leader" of his "Home," so as not to start a "National" scandal. "Keith's" said he had a "Shubert Attraction," but we did not know which one "Cos-mos," so we walked around the "Circle," but found out that "Crandall" was "Strand" and realized what a "Dum-barton" I was, so back I went to my "Garden" and thought over the "Follies" of my youth. H. K. S.

A contributor asserts that there are some "nice cakes" who "hang out at the drug store" in Takoma Park.

JIM WILMETH is the very able mayor of Takoma Park, and report has it that he and the town council are thinking of passing an ordinance against cakes.

OHIO is round at each end and high in the middle. An old colored man, asked if he had any tobacco, answered, "No, but Massachusetts." O. B.

RAY MOWATT and LOUIS RYON are nominated as the best skaters around 1st and E streets southeast.

## THE BUNVILLE BUNCH.

"One of the Bunch" speaks of the vicinity of K, 18th and 19th streets as Bunville, and declares that the bunch is superior to that of any other part of town. He mentions "typical" MacDONALD, TOM MURRAY, FRANK MURRAY, BRYCE, PAYNE, FRANCIS FRAWLEY, GEORGE MERCER and JOHNNIE MOORE with "Hon." W. PAT PERRY as their counsel in all matters of etiquette and policy.

## As to the writing paper of cake-eaters.

I know some who use purple ink on violet linen, monogrammed in gold, to match their violet-perfumed, gold-tipped cigarettes. E.

HENRY CHADWICK was the father of baseball, the originator of the great national game. Wonder what he'd think of the scandal in the game? W. P. RYAN.

A cute little blonde and two vamping brunettes form a very good quartet. They play ukeleles, sing and dance. Out near Sixth and H streets northeast is where they live. FRANCES.

## THE HUMAN STRUGGLE.

God in His infinite wisdom created the joy of the earth, sea, and air. The pleasure thereof unto all dedicated. For each to enjoy and to share. Then why should the spirit of mortal contend? And struggle in selfish desire? With a vital ambition that reaches no end in greedy pursuit to mount higher? It is well to ascend the grand tower of a faith. Or seek the bright crown of success. But better than all is an untarnished name. For one to achieve and possess. The race of the world is a maddening rush. After riches, false show and renown. Pull many are caught in the dense, seething mesh. Like ships in mid sea, and go down. It is well for the mortal who calmly toils. With cheerful contentment and pride. Immune of contention and covetous coils. And free from life's turbulent tide. G. R. K. S. J. JOHNSON.

They used to say that a fool and his money are soon parted. Instead of "parted" use "parted." PECK.

I haven't met a cake-eater yet with any money. I think I would drop if a fellow asked me to go to the movies and paid his own way as well as mine. BROWN EYES.

"A Times Reader" gives assurance that there's always a smile "at the first window in the Eleventh street postal station" for the purchaser of stamps.

In the lunch-room it was sad to see the milk for my coffee drawn from a beer can, and that the white fluid for infants and invalids should flow from the same place where a regular man's "have one on me" would come from. AARON CROWELL.

H. R. ROSSELL, and others solve the recent charade of HENRY F. SMITH. The first is back; the second, wheat; third, cakes; whole, buckwheat cakes. LATE THE OTHER DAY A WAGON with ice STOPPED CLOSE to a CEMETERY. THE COLORED gentleman ON THE rear shouted: "HIE, HIE, HIE, AND ALL THE WHILE HE WAS LOOKING AND TRYING TO DETAIN THEM IN CONVERSATION. BUT THEY WOULD HAVE NONE OF IT. DO YOU blame them?" G. M. B.

## GOVERNMENT BOATS.

If CAPTAIN WETHERILL saw an INDIAN IN BOOTH BAY, would he call HOWARD GREEN or get COL. FRANK E. NYE to command the MOOREHEAD, which would then PATROL the CHOCTAW and turn to MAYFLOWER? G. Y.

Why don't some of the Phi Delta fellows write "H" and "S"? Every one of them is a genius. WISCONSIN.

All I can say is that the old maids and others who sit outside of apartment and boarding houses in the evening and talk about those going to have something to talk about, if they've got eyes to see and ears to hear. M.

THE NATIONAL ANTHEM—DO YOU KNOW THE WORDS. In Madison Square recently, when the "Star-Spangled Banner" was sung not one man in a hundred knew the words. This is deplorable. Every American should know the words and tune and teach them to their children. M. G. HICKLEY, Indian Head.

Jane, to colored friend—"What you done gwan?" "Gwan, all right done gwan now, what I done bin where I've done gwan." J. C.

WANTS TO BE A CITIZEN. Please ask H and S's bright fans how long a person of foreign birth must remain in the United States before being eligible to citizenship papers? I was born in the District of Columbia, but still have none of the suffrage rights accorded aliens who have been here for less time. A. E. F.

WAIL OF THE UNREWARDED. A boy contributor pours out his soul to the editor because a pretty little blonde girl on I street pays no attention to his efforts to interest her. She lives near a gasoline supply station and often sits in a swing. He says he's always out of gas, but no matter how many visits he makes she merely glances at him and then turns her head. FROM WETTER DAYS.

This was popular some years back: The melancholy days are here, The saddest of the year. It's too blasted hot for whiskey And too darned cold for beer. PAUL WHITE. As to what cake-eaters are composed of, my observation is that most of them have 3 cents' worth of brains, a \$5 silk shirt each, one pair run-down shoes each, an Asahe cap, a million-dollar suit of clothes and a barrel of nerve. JOHN H. JONES.

## SECOND BLAZE SWEEPS HARBOR AT GALVESTON

GALVESTON, Oct. 3.—Texas Rangers are patrolling Galveston's waterfront today after the second disastrous fire within three days. A pier, warehouse and steamship were destroyed in yesterday's blaze, while three other vessels were badly damaged. The loss was \$400,000. The flames at one time threatened to complete the devastation of the waterfront started by Thursday's conflagration, when \$2,000,000 worth of property was destroyed.

## PROPHET OF BLAST ADJUDGED INSANE

Edwin Fischer, Who Predicted Wall St. Explosion, Committed to Sanitarium.

NEW YORK, Oct. 3.—Edwin P. Fischer held as a suspect in the Wall Street bomb investigation, has been committed to Amityville Sanitarium by Supreme Court Justice Edward R. Finch. Fischer was brought to Justice Finch's chambers by attendants and a nurse from Bellevue Hospital, where he had been undergoing observation in the psychopathic ward, in custody of New York city detectives. A report by Dr. Menas S. Gregory, of Bellevue, declared him insane. When the alleged incompetent was brought before Justice Finch, his honor asked him how he came to hit upon September 18, 1920, in predicting the date for the explosion. He responded that he was a bit rusty on his Caesar, but that he recalled that the great Julius had been killed on the Ides of March, which suggested the idea of September, six months later. Every morning early, he explained further, he went to Central Park to take a walk and there it came to him that there would be an explosion in the financial district. The hour at which he prophesied the explosion would take place, 2:10, he said, was
